

Transportation Project Process

PLANNING

Identifies long range transportation goals; conducts work program meetings with local governments.

PD&E STUDY

Project Development and Environment Study documents the need for the project; develops alternatives to meet the needs; evaluates environmental impact; considers input from the public.

**WE ARE
HERE**

DESIGN

Surveys land; prepares construction plans; identifies right-of-way requirements.

RIGHT-OF-WAY

Acquires the needed property; provides relocation assistance; conducts demolition of structures.

CONSTRUCTION

Oversees project construction; conducts inspection of materials.

MAINTENANCE

Maintains facility throughout its design life: lighting, pavement, roadsides, bridges, signs, etc.
